

# 22nd International Conference FOSSACS 2024: Unifying Foundations of Software Systems

The 22nd International Conference on Foundations of Software Science and Computation Structures (FOSSACS 2024) will be held as part of the European Joint Conferences on Theory and Practice of Software (ETAPS) in Dublin, Ireland, from April 1 to 5, 2024. FOSSACS is a major international forum for the presentation of original research on foundations of software systems, including semantics, logics, specification languages, program analysis, software verification, software testing, and programming languages.

FOSSACS 2024 will cover a wide range of topics in software foundations, including but not limited to:

- Semantics of programming languages
- Logics for software specification and verification
- Program analysis and optimization
- Software verification and testing
- Programming languages and type systems
- Concurrency and distribution
- Software security
- Formal methods in software engineering

- **Abstract submission deadline:** October 1, 2023
- **Paper submission deadline:** October 15, 2023
- **Notification of acceptance:** January 15, 2024
- **Camera-ready deadline:** March 1, 2024
- **Conference dates:** April 1-5, 2024

Submissions to FOSSACS 2024 should be original, unpublished work that is not currently under review for any other conference or journal. Submissions must be written in English and must be formatted according to the LNCS style. The length of submissions should be no more than 15 pages, excluding bibliography.
