Akwaeke Emezi's debut novel, "Pet," is a powerful and moving exploration of identity, trauma, and the nature of self. The book follows the story of Jam, a transgender woman who is struggling to come to terms with her past and her present. Through Jam's journey, Emezi explores the complex ways in which our experiences shape who we are.

Jam is a young woman who has always felt different. She doesn't fit in with the other girls at her school, and she doesn't feel comfortable in her own body. When she finally comes to terms with the fact that she is transgender, she begins the long and difficult process of transitioning.

Jam's journey is not easy. She faces discrimination and prejudice from her family, her friends, and even from strangers. But she is determined to live her life authentically, and she refuses to let anyone stand in her way.
