Written by Dr. Michael Krychman, a leading expert in reproductive medicine, Conscious Conception is based on the latest scientific research on the mind-body connection. Dr. Krychman believes that infertility is often caused by a combination of physical, emotional, and spiritual factors. He offers a holistic approach to treatment that addresses all of these factors, helping couples to overcome the challenges of infertility and achieve their dream of having a family.

In *Conscious Conception*, Dr. Krychman shares his insights into the causes of infertility and offers a step-by-step program to help couples conceive naturally. The program includes:

- A comprehensive medical evaluation to rule out any underlying physical causes of infertility
- A mind-body approach to stress reduction, relaxation, and visualization
- Nutritional counseling to improve fertility
- Acupuncture and other complementary therapies to support fertility
- A spiritual component to help couples connect with their inner selves and their desire to have a child

Conscious Conception is a groundbreaking book that offers a new hope for couples struggling with infertility. Dr. Krychman's holistic approach to treatment addresses all of the factors that can contribute to infertility, helping couples to overcome the challenges of infertility and achieve their dream of having a family.

What people are saying about *Conscious Conception*:

"This book is a must-read for anyone struggling with infertility. Dr. Krychman's approach is unique and effective, and it offers a ray of hope to couples who are desperate to have a child." - Suzanne Somers

"Dr. Krychman's book is a comprehensive guide to the mind-body connection and its role in fertility. I highly recommend it to anyone who is trying to conceive." - Christiane Northrup, M.D.

"Conscious Conception is a groundbreaking book that offers a new hope for couples struggling with infertility. Dr. Krychman's approach is holistic and effective, and it can help couples to overcome the challenges of infertility and achieve their dream of having a family." - Deepak Chopra

If you're struggling to conceive, I encourage you to read Conscious Conception. It may be the key to unlocking your fertility and achieving your dream of having a family.
