Next, Goku and his friends face Android 17 and Android 18, two powerful twins who are nearly invincible. Goku and his friends are outmatched by the androids and are forced to retreat. However, Goku is able to use his new Super Saiyan transformation to defeat Android 19.

With Android 19 defeated, Goku and his friends turn their attention to Android 17 and Android 18. The two androids are proving to be too powerful for Goku and his friends, and they are forced to retreat once again.

As Goku and his friends search for a way to defeat Android 17 and Android 18, they learn that the androids were created by Dr. Gero, a former scientist for the Red Ribbon Army. Dr. Gero created the androids to be the ultimate weapons, and he programmed them to destroy Goku.

Goku and his friends realize that they must find a way to stop Dr. Gero before he can create more androids. They track down Dr. Gero to his secret laboratory, and a fierce battle ensues. Goku and his friends are able to defeat Dr. Gero, but not before he activates Android 16, his most powerful android yet.

Android 16 is a powerful fighter, but he is also a kind and gentle soul. He does not want to fight Goku and his friends, but he is programmed to obey Dr. Gero's Free Downloads. Goku and his friends are able to convince Android 16 to turn against Dr. Gero, and they team up to defeat him.

With Dr. Gero defeated, Goku and his friends are finally able to defeat Android 17 and Android 18. The Red Ribbon Army is destroyed, and the Earth is safe once again.
