Dogs of War is a science fiction novel by Adrian Tchaikovsky, winner of the Arthur C. Clarke Award. It was first published in 2017, and follows the story of a group of soldiers who are sent to fight a war on a planet called Themis.

The soldiers are part of a mercenary group called the Dogs of War, and they are hired by the United Nations to fight against a rebel group called the Sons of Liberty. The Sons of Liberty are fighting for the independence of Themis, and they believe that the United Nations is an oppressive force.

The soldiers are quickly drawn into a bloody conflict, and they soon realize that the war is not as simple as they thought. They are forced to face the ethical and moral dilemmas of war, and they must decide where their loyalties lie.

Dogs of War is a gripping and thought-provoking novel that explores the themes of war, ethics, and morality. It is a must-read for fans of science fiction.
