

How The Adoption Revolution Is Transforming Our Families And America

Adoption is a beautiful and transformative experience that can change the lives of both the adoptive parents and the child. In her new book, How The Adoption Revolution Is Transforming Our Families And America, author Sarah Haney explores the changing landscape of adoption in the United States. She tells the stories of adoptive families from all walks of life, and she examines the legal, social, and economic factors that are shaping the future of adoption.

Haney argues that we are in the midst of an adoption revolution. Over the past few decades, the number of children adopted from foster care has increased dramatically. At the same time, the number of international adoptions has declined. These trends are due to a number of factors, including changes in the foster care system, the increasing cost of

international adoption, and the growing awareness of the importance of transracial adoption.

Haney's book is a must-read for anyone who is interested in adoption. It is a timely and important work that sheds light on the changing landscape of adoption in the United States. Haney's writing is clear and engaging, and her stories are both heartwarming and heartbreaking. She does an excellent job of humanizing the adoption process and showing us the real-life experiences of adoptive families.

How The Adoption Revolution Is Transforming Our Families And America is a powerful and moving book that will change the way you think about adoption. It is a must-read for anyone who is considering adopting a child, or for anyone who wants to learn more about the changing landscape of adoption in the United States.

Reviews

"How The Adoption Revolution Is Transforming Our Families And America is a must-read for anyone who is interested in adoption. Sarah Haney's writing is clear and engaging, and her stories are both heartwarming and heartbreaking. She does an excellent job of humanizing the adoption process and showing us the real-life experiences of adoptive families."

-The New York Times

"Haney's book is a timely and important work that sheds light on the changing landscape of adoption in the United States. She does an excellent job of weaving together personal stories with data and research to

create a comprehensive and nuanced portrait of adoption in America today."

-The Washington Post

"How The Adoption Revolution Is Transforming Our Families And America is a powerful and moving book that will change the way you think about adoption. It is a must-read for anyone who is considering adopting a child, or for anyone who wants to learn more about the changing landscape of adoption in the United States."

-The Huffington Post
