The Plot

The story begins when Miss Marple, a keen observer of human nature, receives a letter from her friend Dolly Bantry. Dolly is concerned about her husband, Colonel Bantry, who has been acting strangely lately. Miss Marple agrees to visit the Bantrys and soon discovers that there is more to the Colonel's behavior than meets the eye.

As Miss Marple investigates, she uncovers a series of suspicious events. The Colonel has been receiving anonymous letters, he has been seen

meeting with a mysterious woman, and he has been behaving erratically. Miss Marple soon realizes that the Colonel is in danger, and she is determined to find out who is behind the threats.

The Characters

Miss Marple is a delightful character. She is a kind and gentle woman, but she is also a shrewd observer of human nature. She has a knack for seeing the truth in people, even when they are trying to hide it.

The other characters in the book are equally well-developed. Colonel Bantry is a kind and honorable man, but he is also somewhat naive. Dolly Bantry is a loving and supportive wife, but she is also worried about her husband's behavior.

The supporting cast of characters is equally well-drawn. There is the mysterious woman who the Colonel has been meeting with, the anonymous letter writer, and a host of other suspects. Each character has their own secrets and motivations, and Miss Marple must sort through them all to find the killer.

The Ending

The ending of Miss Marple Mystery is a classic whodunit twist. Miss Marple reveals the identity of the killer, and she explains how they committed the crime. The ending is satisfying and unexpected, and it will leave you guessing until the very end.
