

Sense of the Mysterious: A Book by Rudolf Otto

Sense of the Mysterious is a book by Rudolf Otto that explores the concept of the 'mysterium.' The mysterium is a concept that Otto uses to describe something that is both awe-inspiring and terrifying. It is something that is beyond our understanding, and yet it is also something that we are drawn to. Otto argues that the mysterium is an essential part of the human experience, and that it is something that we should not be afraid of. In fact, he believes that the mysterium is something that we should embrace, as it can lead us to a deeper understanding of ourselves and the world around us.
