Hope's writing is both gripping and scholarly, and he provides a unique perspective on the paranormal. He is not a believer in the supernatural, but he is open to the possibility that it exists. As a result, his investigations are both objective and respectful of the beliefs of those who do believe.

In *Unclean: The Haunted Lands*, Hope travels to some of the most haunted places in the world, including:

- The Tower of London, where the ghosts of Anne Boleyn and other executed prisoners are said to roam
- The Winchester Mystery House, a sprawling mansion built by Sarah Winchester in an attempt to appease the spirits of those killed by her husband's rifles
- The Biltmore Estate, the largest private home in America, which is said to be haunted by the ghost of George Vanderbilt, the man who built it
- The Stanley Hotel, the inspiration for Stephen King's novel *The Shining*, which is said to be haunted by the ghosts of guests who died there

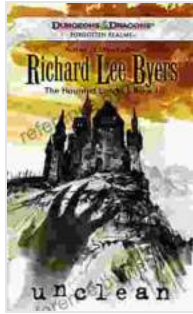

Hope's investigations are both fascinating and terrifying. He uses a variety of techniques to try to communicate with the spirits, including EVP (electronic voice phenomena), dowsing, and mediumship. He also interviews witnesses who have had paranormal experiences at these locations.

Whether you are a believer in the supernatural or not, *Unclean: The Haunted Lands* is a must-read for fans of horror, the paranormal, and true crime.
